# ANNUAL REPORT

OF THE

## WATERING COMMITTEE

FOR THE YEAR 1847,

TO THE

SELECT AND COMMON COUNCILS OF PHILADELPHIA.

---

IN compliance with the established regulation of Councils, the Watering Committee present their Annual Report, accompanied by the Accounts necessary to show their expenditures, and elucidate their proceedings during the past year.

The principal care of your Committee, during the year, has been to improve the supply of water to the South-western section of the City, which required attention on account of the many improvements made there. It will be seen by reference to the list of pipes laid in the year, that almost all of them were put down in that part of our City; and as a large portion of them are twelve inches in diameter, they cannot fail to afford a good supply of water for several years to come.

Early in the season your Committee succeeded in making a mutual agreement with the Commissioners of the District of Spring Garden, for the vacation of a piece of ground, situate west of the west line of the abutment of the Wire Bridge, and for the opening of Biddle street to Callowhill street. The ground vacated as above mentioned, has been laid out in grass beds and walks, and an ornamental cast-iron railing erected upon the line parallel with the abutments of the Wire Bridge, which now makes a beautiful finish to this part of the Works. By this agreement, the City ceded to the District a triangular piece of ground between Biddle and Callowhill streets, to be appropriated as an omnibus stand forever, and it will therefore be properly paved for that purpose early in the Spring.

Your Committee have had under consideration, the rates of charge for water, and have concluded to make a reduction in the rent on small houses, corresponding in size to court houses, and containing but one room on a floor. This reduction will go into effect for the year 1849; at which time all such small houses will be required to pay but \$2 50 each.

The iron pipes, laid during the year, amount to 9,279 feet, which makes the total amount of iron pipes laid since eighteen hundred and nineteen, 381,160 feet—being upwards of 72 miles; and so perfect are these pipes, that they have not cost one dollar for repairs during the whole year.

The pipes now laid in the District of Southwark is 12 5-8 miles, and of Moyamensing, 7 miles, which makes the total amount of iron pipes in the City and lower Districts, 91 5-8 miles.

There are in the City 608 fire-plugs, and in Southwark 138, and in Moyamensing 71—together, in City and Districts, 817 fire-plugs.

The consumption of water during the year, was as follows :—

From Jan'y to April, 13 weeks, an average

daily supply of 3,013,931 ale gallons.

|                             |    |    |           |   |
|-----------------------------|----|----|-----------|---|
| From April to July,         | do | do | 4,457,280 | “ |
| From July to October,       | do | do | 4,976,491 | “ |
| From Oct. to Dec. 31, 1847, | do | do | 3,855,028 | “ |

Being an average daily supply throughout the year, of 4,075,682 ale gallons, equal to 179 gallons to each tenant.

The above supply of water was distributed to 15,205 tenants, who pay for the water in the City, and 3,500 families who receive a supply from public hydrant pumps.

Together in the City, . . . . 18,705 tenants.

And by private hydrants in Southwark, 3,021 “

Do do do Moyamensing, 1,063 “

Together, 22,789 tenants.

The amount placed to the credit of the Watering Committee for the year 1847, was as follows :—

|                                                                                                  |                    |
|--------------------------------------------------------------------------------------------------|--------------------|
| As per estimate in the Report of 1846,                                                           | \$ 32,396 83       |
| Balance placed to the credit of the Committee, to replace stop-cocks, &c., used in Water street, | 2,828 75           |
| Appropriated for the improvement of Bid-<br>dle street and Garden,                               | 5,000 00           |
|                                                                                                  | <u>\$40,225 58</u> |

The Amount Expended in 1847, was as follows :—

Distribution, . . . . \$3,204 45

Fair Mount Works, . . . . 4,514 57

Iron Pipes, . . . . 14,757 46

Amounts carried forward, \$22,476 48 \$40,225 58

|                                                                                               |                   |                   |
|-----------------------------------------------------------------------------------------------|-------------------|-------------------|
| Amounts brought forward,                                                                      | \$22,476 48       | \$40,225 58       |
| Water Power, - - - -                                                                          | 2,615 62          |                   |
| Incidentals, - - - -                                                                          | 2,314 68          |                   |
| Salaries, - - - -                                                                             | 4,050 00          |                   |
| Improvement of Biddle street,                                                                 | 2,859 40          |                   |
|                                                                                               | <u>          </u> | \$34,316 18       |
| Leaving a Balance in the Treasury of - - -                                                    |                   | \$5,909 40        |
| Less Amount of outstanding bills for Work contracted<br>for, &c., to be paid in 1848, - - - - |                   | 2,140 60          |
|                                                                                               |                   | <u>          </u> |
| Leaves in the Treasury, - - -                                                                 |                   | \$3,768 80        |
|                                                                                               |                   | <u>          </u> |

Annexed is the Report of the Superintendent upon the State of the Works, which was presented to your Committee, December 22, 1847.

*To the Watering Committee of City Councils :—*

GENTLEMEN—In compliance with the wishes of the Committee, I beg leave to submit the following Report upon the Distribution Department of the Works; and I also take the liberty of adding a Report upon certain parts of the Works at Fair Mount, which require repairs or renewal, with estimates of the cost of the same, that the Committee may decide what portion of the work they will do, during the next year.

The subject which appeared to claim the first examination, was the proper supply of the South-western part of the City, which it is evident is spreading very rapidly; while at the same time, from the large number of factories contained in it, which consume very large quantities of water, it demands a perfect supply. After a trial of the head, in many places, I feel satisfaction in stating, that I think the quantity of water now afforded to this district, is quite as great as in any other section of the City. The provisions made for that purpose, during this year, by the extension of the twelve inch mains on Cedar, Spruce and Schuylkill Fifth streets, with the connections of six inch pipes therewith, are perfectly efficient, and will insure a good supply of water for several years to come, merely by laying, in each year, such pipes as may be required to accommodate new improvements. In fact, I see no means of improving the head, materially, except by laying the sixteen inch

main on Cedar street, from Broad to Schuylkill Fifth street, which I do not think advisable at present, as the only portion of this street now in want of water, is on the south side, between Broad and Schuyldill Eighth streets: and this may be supplied by means of a temporary three inch pipe, until such time as it may be expedient to lay the main intended for this street.

I am fully of the opinion, that it would be premature to lay large pipes on Cedar street, until the main be laid on Schuylkill Eighth street, from its present termination at Chesnut street to Cedar street; and as this main will, in a few years, be of importance, not only to the City, but to the Southern Districts, I would call the attention of the Committee to the consideration of the propriety of making early provision for the laying of the whole or a portion of such a main, as it may probably be necessary to contract for pipes of such large size the year previous to the laying of them down.

I herewith annex an estimate of the probable cost of laying the main intended for Schuylkill Eighth street.

|                                                                                |   |         |             |
|--------------------------------------------------------------------------------|---|---------|-------------|
| For a 20 inch main from Chesnut to Spruce,                                     | - | \$8,906 | 25          |
| For a sixteen inch main from Spruce to Cedar,                                  | - | 4,920   | 00          |
| For a 16 inch main from Broad to Schuylkill<br>Eighth street, in Cedar street, | - | -       | 2,000 00    |
|                                                                                |   |         | <hr/>       |
|                                                                                |   |         | \$15,826 25 |
|                                                                                |   |         | <hr/>       |

The next subject of importance is the replacing of the wooden logs by iron pipes; these logs are a source of much inconvenience and expense; in addition to which, most of them are but four and one-half inches in diameter, where they should be at least six inches.

I herewith submit a list of such streets, east of Broad street, as are either laid with logs, or have no pipes of any kind, with an

estimate for the laying of the whole, and also for a portion which have given the most trouble, and therefore require the earliest attention.

*List of Streets which are either laid with Logs, or have no Pipes of any kind.*

|                                               |               |
|-----------------------------------------------|---------------|
| Twelfth st., from Chesnut to Spruce st.,      | - 1,425 feet. |
| Thirteenth st., from Locust to High st.,      | - 1,414 "     |
| Thirteenth st., from Vine to Cherry st.,      | - 1,015 "     |
| George st., from Eleventh to Juniper st.,     | - 1,167 "     |
| Locust st., from Eleventh to Twelfth st.,     | - 450 "       |

| Dean st., from Locust to Walnut st.,          | - 420 "               |
| Marble st., from Tenth to Eleventh st.,       | - 120 "               |
|                                               | <hr/>                 |
| Amounts carried forward,                      | 4,566 ft. \$13,967 50 |

|                                                    |           |             |
|----------------------------------------------------|-----------|-------------|
| Amounts brought forward,                           | 4,566 ft. | \$13,967 50 |
| Warren st., from Dean to Thirteenth st.,           | - 150     | “           |
| Lyndal st , from Twelfth to Dean st.,              | - 250     | “           |
| Walnut Alley, from Juniper to Thirteenth st.,      | 300       | “           |
| Centre Alley, from Eleventh to Twelfth st.,        | 450       | “           |
| Sheaff’s Alley, from Eleventh to Madison st.,      | 225       | “           |
| Currant Alley, from Locust to Walnut st.,          | 420       | “           |
| Hog Alley, from Seventh to Eighth st.,             | - 446     | “           |
| Franklin st., from Race to Vine st.,               | - 480     | “           |
| Starr Alley, from Cherry to Race st.,              | - 338     | “           |
| Hoffman’s Alley, from Cresson’s Alley to Race st., | 160       | “           |
| Branner’s Alley, from Bryan’s Court to Vine st.,   | 250       | “           |
| Quince st., from Lombard to Pine st.,              | - 372     | “           |
| Green’s Court, from Spruce to Pine st.,            | - 475     | “           |

8,882 feet.

The estimated cost of laying the above  
three inch pipes, is - - - - \$10,682 00

Cost to remove all the above wooden  
pipes, about 3 1-5 miles, is - - - - \$24,649 50

If the above mentioned pipes were all laid, the distribution would then be entirely complete in the City, east of Broad street. This would, of course, be very desirable: but I would earnestly recommend that the pipes comprised in the following list, be laid during the next year.

|                                      |       |
|--------------------------------------|-------|
|                                      | feet. |
| Twelfth st. from Chesnut to Spruce,  | 1,425 |
| Thirteenth st. from Locust to High,  | 1,414 |
| Thirteenth st. from Vine to Cherry,  | 1,015 |
| George st. from Eleventh to Juniper, | 1,167 |

Amount carried forward, 5,021

feet.

|                                         |       |               |
|-----------------------------------------|-------|---------------|
| Amount brought forward,                 | 5,021 |               |
| Locust st., from Eleventh to Twelfth,   | 450   |               |
| Filbert st., from Eleventh to Twelfth,  | 450   |               |

|                                         |           | <hr/> <hr/>   |

I am happy to state that the Works at Fair Mount are in a good condition, generally. The usual repairs to the fences, &c., are, of course, necessary, and will be provided for in the estimate for the year. The fence upon the second bank of the reservoirs, is in a dilapidated condition ; it may, perhaps, last during the next year,

but if we should be unable to maintain it, I would propose to remove it altogether, as there is now no occasion for it, except for ornament.

The subject to which I would most particularly call the attention of the Committee, is the condition of the Pavilion Pier and Eastern end of the Dam. This pier is built upon crib work of wood, such as the foundation of the Old Dam, with the character of which I believe the gentlemen of the Committee are fully acquainted. This crib work has heretofore been protected by stone piled in front of it; but since the rebuilding of the Dam, these stones have been washing away (more or less of them being removed by every high freshet.) The principal cause of this, is the peculiar form of the stone icebreak above the Dam, which causes the water from the Dam to fall directly at the base of the pier, thereby tending to undermine its foundation; and from its cone-like form, it becomes useless when there is the greatest occasion for it, during high freshets, for the higher the water raises, the smaller the icebreak becomes. I would, therefore, recommend the building of a wooden icebreak, to connect with the present stone one, and to extend out to the face of the Dam, and also the refilling of stone in front of the pier below the Dam. To accomplish this object, I estimate that the sum of \$650 will be sufficient.

The guard pier and wharf will require some small repairs, which may be done at the same time.

I have also estimated \$1,800 for the erection of a stone storehouse on Coates' street, (to replace the one which was burned down in the spring,) as we have already been at considerable inconvenience for the want of a place to store old materials, which necessarily accumulate very rapidly about such works as those at Fair Mount.

I herewith annex an estimate for the consideration of the Committee, for the year 1848.

INCIDENTAL EXPENSES.

|                                                                          |                 |
|--------------------------------------------------------------------------|-----------------|
| For the support of the Distribution, -                                   | \$3,500 00      |
| For working Machinery, Fuel, &c., at Fair Mount, . . . . .               | 2,800 00        |
| For payment of Taxes on Fair Mount Estate, . . . . .                     | 3,600 00        |

|                                                                                                                                              | <hr/> 22,598 50         |
| For Monument to be erected at Fair Mount, per Resolution of Councils, April 22, 1847, but Appropriation was not made at that time, . . . . . | 2,000 00                |
|                                                                                                                                              | <hr/> <hr/> \$41,898 50 |

Amount of outstanding Bills to be paid in 1848, from Appropriations made in 1847, - - - - - \$2,140 60

All of which is respectfully submitted, by

Your obedient servant,

FREDERICK GRAFF,

*Superintendent of Fair Mount Water Works.*

In closing this years Report, your Committee deeply regret the death of the late Superintendent, FREDERICK GRAFF, Esq., which took place upon the 13th of April last, who for *forty-two* years held that situation; and by his plans and devoted attention to the best interests of the City, and to Fair Mount Water Works, has been of great benefit not only to our citizens, but to the country generally.

JOHN P. WETHERILL, *Chairman.*

CHARLES GILPIN,

JOHN TRUCKS,

A. J. LEWIS,

SAUNDERS LEWIS,

CHARLES A. POULSON,

WILLIAM DIVINE,

J. E. HAGERT.
